presents

### Yale-West Point Civ-Mil Service Symposium

*In Service to the Nation and Beyond  
Yesterday, Today & Tomorrow*

### April 21-22, 2017

You are cordially invited to the *Yale-West Point Civilian-Military Service Symposium* (April 21-22), a joint initiative between Yale and the US Military Academy at West Point. Marking the 100<sup>th</sup> Anniversary of America's entry into WWI, the Symposium will foster and advance an ongoing national dialogue about the way forward in US civil-military relations; substantive issues, challenges and opportunities affecting veterans and actively-serving members of the Armed Forces; and US global leadership.

The Symposium will explore a range of topics and content areas. We welcome anyone interested in national security, foreign affairs, military-related matters, veterans issues, and ways in which society can better engage and interact with our nation's military and veteran population. We look forward to a diverse and representative cohort of attendees participating meaningfully in this important conversation.
